

# SAFETY DATA SHEET

Revision Date 19-Jan-2018

**Revision Number** 3

## 1. Identification

## Product Name 4-Bromoisoquinoline

## AC107090000; AC107090010; AC107090100

CAS-No Synonyms

Cat No. :

1532-97-4 No information available

Recommended Use Uses advised against Laboratory chemicals. Not for food, drug, pesticide or biocidal product use

#### Details of the supplier of the safety data sheet

Company Fisher Scientific One Reagent Lane Fair Lawn, NJ 07410 Tel: (201) 796-7100

Acros Organics One Reagent Lane Fair Lawn, NJ 07410

#### **Emergency Telephone Number**

For information **US** call: 001-800-ACROS-01 / **Europe** call: +32 14 57 52 11 Emergency Number **US**:001-201-796-7100 / **Europe**: +32 14 57 52 99 **CHEMTREC** Tel. No.**US**:001-800-424-9300 / **Europe**:001-703-527-3887

## 2. Hazard(s) identification

#### **Classification**

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

| Acute oral toxicity<br>Acute dermal toxicity<br>Skin Corrosion/irritation<br>Serious Eye Damage/Eye Irritation<br>Specific target organ toxicity (single exposure) | Category 4<br>Category 4<br>Category 2<br>Category 2<br>Category 3 |

| Target Organs - Respiratory system.                                                                                                                                | Calegory 5                                                         |
|                                                                                                                                                                    |                                                                    |

#### Label Elements

Signal Word Warning

## **Hazard Statements**

Harmful if swallowed Harmful in contact with skin Causes skin irritation Causes serious eye irritation May cause respiratory irritation

#### Precautionary Statements Prevention

Wash face, hands and any exposed skin thoroughly after handling

Do not eat, drink or smoke when using this product

Wear protective gloves/protective clothing/eye protection/face protection

Avoid breathing dust/fume/gas/mist/vapors/sprav

Use only outdoors or in a well-ventilated area

#### Inhalation

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing Call a POISON CENTER or doctor/physician if you feel unwell

#### Skin

IF ON SKIN: Wash with plenty of soap and water

Call a POISON CENTER or doctor/physician if you feel unwell

If skin irritation occurs: Get medical advice/attention

Take off contaminated clothing and wash before reuse

#### Eyes

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing If eye irritation persists: Get medical advice/attention

#### Ingestion

IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell

#### Rinse mouth

## Storage

Store in a well-ventilated place. Keep container tightly closed

#### Store locked up

## Disposal

Dispose of contents/container to an approved waste disposal plant Hazards not otherwise classified (HNOC)

None identified

## 3. Composition/Information on Ingredients

| Component           | CAS-No    | Weight % |
|---------------------|-----------|----------|
| 4-Bromoisoquinoline | 1532-97-4 | 98       |

| 4. First-aid measures               |                                                                                                                                 |  |
|-------------------------------------|---------------------------------------------------------------------------------------------------------------------------------|--|
| Eye Contact                         | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Get medical attention.                 |  |
| Skin Contact                        | Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Obtain medical attention. |  |
| Inhalation                          | Remove from exposure, lie down. Move to fresh air. If not breathing, give artificial respiration. Obtain medical attention.     |  |
| Ingestion                           | Clean mouth with water. Get medical attention.                                                                                  |  |
| Most important symptoms and effects | No information available.                                                                                                       |  |

| Notes to Physician                           | Treat symptomatically                                            |  |  |
|----------------------------------------------|------------------------------------------------------------------|--|--|
|                                              | 5. Fire-fighting measures                                        |  |  |
| Suitable Extinguishing Media                 | Water spray. Carbon dioxide (CO 2). Dry chemical. Chemical foam. |  |  |

| Autoignition Temperature<br>Explosion Limits | No information available                                         |  |  |
| Upper                                        | No data available                                                |  |  |
| Lower                                        | No data available                                                |  |  |
| Sensitivity to Mechanical Impac              |                                                                  |  |  |
| Sensitivity to Static Discharge              | No information available                                         |  |  |

#### Specific Hazards Arising from the Chemical

Keep product and empty container away from heat and sources of ignition.

#### Hazardous Combustion Products

Nitrogen oxides (NOx) Carbon monoxide (CO) Carbon dioxide (CO2) Hydrogen halides

#### **Protective Equipment and Precautions for Firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

| 7. Handling and storage       |                                                                                                                                                                             |  |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| Handling                      | Avoid contact with skin and eyes. Do not breathe dust.                                                                                                                      |  |
| Storage                       | Keep in a dry place. Keep container tightly closed. Keep refrigerated.                                                                                                      |  |
| 8. E                          | xposure controls / personal protection                                                                                                                                      |  |
| Exposure Guidelines           | This product does not contain any hazardous materials with occupational exposure limitsestablished by the region specific regulatory bodies.                                |  |
| Engineering Measures          | Ensure adequate ventilation, especially in confined areas. Ensure that eyewash stations and safety showers are close to the workstation location.                           |  |
| Personal Protective Equipment |                                                                                                                                                                             |  |
| Eye/face Protection           | Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 29 CFR 1910.133 or European Standard EN166. |  |

| Skin and body protection | Wear appropriate protective gloves and clothing to prevent skin exposure.                                                                                                                                                                         |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Respiratory Protection   | Follow the OSHA respirator regulations found in 29 CFR 1910.134 or European Standard EN 149. Use a NIOSH/MSHA or European Standard EN 149 approved respirator if exposure limits are exceeded or if irritation or other symptoms are experienced. |
| Hygiene Measures         | Handle in accordance with good industrial hygiene and safety practice.                                                                                                                                                                            |

Legend: X - Listed

E - Indicates a substance that is the subject of a Section 5(e) Consent order under TSCA.

F - Indicates a substance that is the subject of a Section 5(f) Rule under TSCA.

N - Indicates a polymeric substance containing no free-radical initiator in its inventory name but is considered to cover the designated polymer made with any free-radical initiator regardless of the amount used.

P - Indicates a commenced PMN substance

R - Indicates a substance that is the subject of a Section 6 risk management rule under TSCA.

S - Indicates a substance that is identified in a proposed or final Significant New Use Rule

T - Indicates a substance that is the subject of a Section 4 test rule under TSCA.

XU - Indicates a substance exempt from reporting under the Inventory Update Rule, i.e. Partial Updating of the TSCA Inventory Data Base Production and Site Reports (40 CFR 710(B).

Y1 - Indicates an exempt polymer that has a number-average molecular weight of 1,000 or greater.

Y2 - Indicates an exempt polymer that is a polyester and is made only from reactants included in a specified list of low concern reactants that comprises one of the eligibility criteria for the exemption rule.
